  - Problem Solving Skills
  - Pre-Reading Skills

## Early Learners Program (ELP)

Access to age-appropriate early learning is a key foundational element of any child’s education. Some parents traditionally have their toddlers in Kitas or Nurseries, as a first step. However, not all parents are ready to separate from their toddlers at a young age and find that they need a different option.

NUEJOS is pleased to announce the launch of it’s new Early Learners Program (ELP) for toddlers aged 1 to 4 years old. The ELP curriculum aims to develop nine core skills, exposing toddlers to phonics, languages, numeracy, sports, science and more.

## DEVELOPING 9 CORE SKILLS

Available Mondays, Tuesdays,  
Wednesdays and Thursdays

09:30 to 11:30 Hours
